

THE HICKMAN COURIER.

FRIDAY, AUG. 13, 1880.

Local Items.

Short communications on public questions printed—but not responsible for sentiments or expressions of correspondents—except where we refuse to give name of author.

Some citizens take the hint, and are fixing their pavements. Others should follow.

The sheriff's election will, probably, not be contested or litigated, as report has had it.

\$15.00 will buy a good SEWING MACHINE at BUCK & COWGILL'S.

Improvements in Hickman are lagging for the want of brick. Why don't some one make several million?

Quite a number of transfers of real estate have occurred the last week or so. Town lots are stiffening up in price.

Rev. Dr. Guilford Jones, of Memphis, will preach at the Methodist church, in this city, on the 6th Sunday, Aug. 29.

The members and friends of the Episcopal church are requested to meet at the church, Sunday morning at 9 o'clock.

OUR printing friend, J. W. Rogers, is now receiving a splendid lot of fresh Groceries, which he is offering for sale at the very lowest prices.

The COURIER office now hosts a Hancock and English bag from its upper window—a present from Mr. John Heller.

Again, we remind the public of the large demand for dwelling houses—twenty-five or thirty could be readily disposed of.

The contract for the rough lumber for the Hickman Oil Factory, 500,000 feet, has been let to A. W. McDonald & Co., of Hickman.

Capt. Randle is improving the property near the Catholic church—making it new, designed as a residence for Col. Henry Little.

WANTED—A Second hand CORN MILL, 30 or 35 in. burr.

Address, M. G. HATCHER, aug13 New Madrid, Mo.

Again, we have the promise of an elevator to transfer freight from the river to the railroad. If it is to be built, now is the time to commence the work.

We learn from the *Enterprise Messenger*, Dexter, Mo., that sheriff Hickman, of Obion county, contemplates locating in that vicinity this fall. Obion county will lose a good citizen.

Another citizen of Hickman drowned in the many articles kept by Steagals & Co. Only 40 dozen more of those 70c per dozen Fruit Jars left. Also, a fresh lot of Groceries just received. Call and see them.

The following is the Chinese version of Mary and her lamb:

Was put name Moll had lamb, Ely place Moll had lamb, Ely place Moll had lamb, Ely place Moll had lamb.

If you want to make your wife and children happy, go to J. W. ROGERS and get a can of Fresh Mackerel, only 75 cents per can. aug13

At a meeting of the stockholders of the Hickman Lumber and Manufacturing Company, held on Monday last, Mr. Geo. Warren tendered his resignation as president of said company, whereupon, Capt. C. L. Randle was elected to fill the unexpired term.

To-morrow, 14th inst., the United Brothers of Friendship will celebrate their first anniversary with a free barbecue and picnic at the Fair Grounds. We venture to say that those of our white citizens who may attend will meet with a cordial reception.

Wheat Wanted. The highest cash price paid by jan11 J. H. PLAUT & BRO.

The ball at McCutchen Hall, Monday night last, was a very nice affair, and the young folks seemed to enjoy themselves hugely. Several young ladies, visiting our city, honored the occasion with their presence, and did much to render the evening enjoyable.

BUCK & COWGILL are selling Sewing Machines for \$25 with a five year's warranty. They are determined to control the Sewing Machine trade, and want to be understood. Call and see their machines before buying from traveling agents at high prices. aug6-31

As the Fair time of year approaches some of our citizens begin to regret that they let our county Fair pass out of existence. Everything else being on a brink of improvement, it is to be regretted that our Agricultural interests are neglected. The farmers must go along with us in our prosperity.

Ladies, be Careful! Don't spoil your pickles by using bad vinegar—but go to BUCK & COWGILL's and get some of their old country made vinegar. aug6-31

The negro, Alec Allison, who killed Harry Crenshaw, at Woodland Mills, last week, is in jail at Troy. The report that he was taken from the jail and hung was not true. The sentiment in regard to the killing is divided, some white citizens asserting that the negro was not as culpable as first reports had it.

On last Sunday evening, while some little boys were bathing in the river just above the railroad wharf, one of them ventured into deep water, and, being unable to swim, would undoubtedly have drowned had not some of the larger ones rescued him. This should be a warning to the little boys to keep out of the river, and parents should see to it that they do.

Rest Whisky. The best grades of whisky, kept at reasonable prices, by J. W. ROGERS. aug13

Markets. The wheat market continues dull and languid. The large crops reported in the West seem to have a very marked effect on the prices, and we do not now look for any material advance in prices. The receipts here are not large, but still some considerable wheat coming in all the time. We quote choice 80s3c; medium 70s3c; common 60s70c.

Corn is dull. We quote choice white for milling purposes at 35c; yellow 34c per bushel. Apples so low not much use of quoting.

Dadds were appointed viewers with instructions to view the change in the State road, made by C. A. Holcombe over his land, and to report to the next term of the court whether or not the new route opened was 60 feet wide and in good traveling order.

Father Anastasius returns to the charge of the Hickman Catholic church. Father Peckham going to Paducah as church Superior in Western Kentucky.

Just now the newspapers are teeming with the paragraph, "Don't drink ice water when you are hot," and it is one that should be regarded by all. The time to drink ice water is along in the dead of winter, when it is a tight scratch to keep from freezing to death.

General W. S. Hancock has declined an invitation to attend the St. Louis Fair in October.

Illinois threatens to go Democratic this year. Don't laugh, brethren! The Republicans persuasion! This is the ground swell period.—Cincinnati Enquirer.

Tanner has been offered \$2,700 to deliver ten lectures in California. As soon as he creates a famine in New York he will start West to fill the engagement.

The man who can prove that G. H. Hancock cut off his grand mother's ears and used them for fish bait will be properly rewarded by forwarding no facts to a Republican newspaper.—[Philadelphia Chronicle-Herald.]

Nevada's First Augur. Nevada's first augur was mined with a butcher's knife. John Orr started across the plains in 1840. The roads were bad, the weather was worse, and he was obliged to remain through the winter at Salt Lake. In April he resumed his journey. He had a partner named Nick Kelly, after whom Kelly's ravine is named, and in the company was William Prouse, now living in South City. About forty miles southeast of Salt Lake, Prouse had worked in mines before gold was discovered at Coloma, and was a good prospector. One day the team stopped on the edge of what is now known as Gold Canon, near the Carson River, to let the animals feed on some bunch grass found growing near the sage brush. Prouse, at noon, took a milk can, and going down to the gulch began washing dirt, in a few minutes getting off gold to the value of a few cents. Orr then named the place Gold Canon. The train soon after resumed travel, going to the head of Carson Valley. There they met a party of seven, who had left the train at the sink of the Humboldt, intending to go in advance to California and select good locations for the remainder of the party. They had been unable to cross the country, and had been lost in the snow in the mountains for four or five days, unable to find the divide in Hagerman. A stay in Canon for three weeks followed, when Orr, Kelly and several others returned to Gold Canon and resumed prospecting. Kelly and Orr went up the canon knife little, breaking out where the rock had covered it. It was quickly removed, and afterward found to weigh 82.25. This was the first of June, 1850, just thirty years ago. Prospecting was continued, and though dust was found in several places throughout the canon, Orr's was the only nugget. He still has it in his possession, the first ever found in Nevada.

Good Advice.

[Hickman Reporter.]

Sell your building lots at reasonable prices. If you can afford to do so, donate a building lot for some business enterprise, and thereby enhance the value of town property. Induce business men to locate in your town. Patronize the business men of your own town. Always run up your expenses when you visit places outside of your town to buy goods. Speak well of worthy public enterprises. If any should be undertaken that may be of benefit to the town, do not speak ill of it to others because you happen to be prejudiced against it. Speak well to strangers of your town and people. If you have any surplus money do not invest it in far off speculations, but give yourself and your town the benefit of it by establishing some profitable factory. Encourage your local newspapers by subscribing for, advertising in, and paying for them. They are constantly working for you and the prosperity of the country. Indeed, they are the mirrors that reflect your enterprise.

A Nice Mess. The General Statutes read: "Sec. 6. If the office of Sheriff is vacant, or if the sheriff or his deputy is a candidate at any election, all his duties pertaining to that election shall be performed by the Governor and such deputy as he may appoint for that purpose; if the coroner is absent, or his office vacant, or he is a candidate, then such duties of the sheriff shall be performed by some person appointed for that purpose by the presiding judge of the county court, and the deputies of such persons, if the presiding judge is not himself a candidate."

At the late election in Fulton county, the deputy sheriff was a candidate for the office of sheriff, the sheriff held the election and acted as one of the comparing board. Halsted. This is a case under a law for a longer sheriff to fix up, a plain, palpable violation of law. If this prevails, then in future, the sheriff can be deputy and the deputy sheriff, putting each other through, first one and then the other, ad infinitum. No other person need apply.
